

Coding Workshops at MLPs

“Coding with robots are much more fun!”

Module 3—Code Using Robots: Explorers

The Explorer’s modules give kids the opportunity to create their own programs. They are fun, interactive and creative-focused coding workshops.

Kids can tap into their unlimited creative capacity to produce their own programs. At the final session, the kids showcase their programs to peers & parents

Suitable for Years 2 to 6.

Date & time: Monday after-school from 3:20PM to 4:20PM

Duration: Week 2 (15 Oct) & concluding in Week 7 (19 Nov)

Venue: Level 1, Green Activity Room

Cost: \$132 per participant (including GST)

BYO: device (iPad, iPod, iPhone, Andriod or Kindle)

To REGISTER: Contact Michael on 0427 059 257 or

Email: uplaywa@gmail.com

Webpage: <https://uplaywa.wixsite.com/main>

(Note that this Program can only run if we have minimum numbers.)
